THOSE DIRTY BOYS.

The mother of four boys, writing from a neighboring city for her BOYS' CLOTHES, stipulates that the garments shall be of a material and color that "will not show dirt." It is a request that is frequently made both in the store and in our correspondence, so that one might suppose "dirt" to be the small boy's native element.

It must be admitted that few boys are ever afraid

DISORDERS OF THE STOMACH, LIVER AND KIDNEYS, ECZEMA, MALARIA, AND ALL IMPURITIES OF THE BLOOD.

So enviable a name has this famous Mineral Wa ter that the managers of inferior mineral springs desirous of imitating the natural purity of the bot-tled water of Congress Spring, inject a powerful acid in their bottled water to preserve the crude ingredients in solution, being so heavily laden with

LIME AND IRON DEPOSIT. With such contrivances, bogus testimonials, and octored analysis cards, they seek to rival the pure

nedicinal waters of Congress Spring.

The regular season visitors to Saratoga fully understand these crude, harsh waters—many of them after painful experiences. In proof of this fact we can produce a great many responsible names. But the Saratoga visitors without experience, and many who use the bottled waters (often labelled as curatives for disorders which they positively ag-gravate), should remember that crude, harsh mineral waters produce headache, a sense of burning and internal irritation, and do irreparable injury to the digestive organs and kidneys.

President Corey will, from choice, have the chair of Biblical Interpretation. During the last week there was present at the examinations a gentleman of ripe scholarship, who has been approached upon the subject of accepting the chair of Systematic Theology. He expressed himself as highly pleased, and will probably be appointed and enter upon his duties at the opening of the next session. The other professors will be retained.

Visiting Veterans. About 125 of the visiting veterans of the Twenty-eighth New York infantry arrived here by the Chesapeake and Ohio railway at 1:30 on Sunday morning. They were due at 8 P. M. on Saturday, but were de-layed by missing connections. On Sunday the party, who were under charge of Colo-nel Brown, of the Twenty-eighth, and Major Newton, of the Fifth Virginia, of Staunton, were informally received by the veterans of the Richmord Lee Camp. They were shown the Fair for the Confederate Home at the Armory, and were then driven around the city and pointed out the various places of historic and public interest. Quite a number of the veterans attended the churches, and several of them heard an interesting sermon by the Rev. Dr. Hoge in the afternoon. They express themselves highly pleased with the hospitality and ovations extended them by the people of ovations extended them by the people of Virginia, and are especially gratified at the courtesy and attention shown them by Major Newton, his officers and men, and, in fact, all of those with whom they came in contact. Interesting Closing Exercises at the Second (Colored) Baptist Church.

This institution held its anniversary exercises last night at the Second (colored) Baptist church, on Byrd street.

The present has been one of the most successful years in the history of this institution, it baying had a larger number of male students than ever before, crowding the building to its utmost capacity. The present year marks a new era in its history. It is as soon as possible to be made a distinctively theological school, and provision will be made for no new students another year except those having the ministry in view.

NEAR MARIETTA, GA.
Some months ago I bought a bottle of Dr. J.
Bradfield's Female Regulator and used it in my
family with great satisfaction. I have recommended it to three families and they have found
it to be just what is claimed for it. The females

SPRINGFIELD, TENN.

Dr. J. Bradfield: Dear Sir,—My daughter has been suffering for many years with that dreadful affliction known as Female Disease, which has cost me many dollars, and notwithstanding I had the best medical attendance, could not find relief. I have used many other kinds of medicines without any effect. I had just about given her up, and was out of heart, but happened in the store of W. was out of heart, but haupened in the store of W.

Kekler, several weeks since, and he, knowing
of my daughter's affliction, persuaded me to buy a
bottle of your Female Regulator. She began to
improve at once. I was so delighted with itseffects that I bought several more bottles of it; and,
knowing what I do about it, if to-day one of my
family was suffering with that are in the are well; and myself and wife do most heartly recom-mend your Female Regulator to be just what it is represented to be.
